# Village Woods of La Cita

## INTRODUCTION

The Village Woods of La Cita Homeowners Association Inc. provides for the maintenance and preservation of lots and common areas within Village Woods of La Cita, a 74 lot, single family home, deed-restricted community.

The Village Woods of La Cita Homeowners Association, Inc. employs the services of Avria Community Management, LLC to assist the Board of Directors in the operation and administration of the Association. Avria Community Management ensures the maintenance of community areas and enforces rules/regulations to create a cohesive and attractive living environment for all residents. This helps preserve property values and fosters a sense of community pride and belonging.

Village Woods of La Cita is a sub-homeowner association (sub-HOA) of the Homeowners of La Cita, Inc. (master HOA). The Homeowners of La Cita, Inc. (master HOA) oversees the large, planned unit development of La Cita as well as the other homeowner associations within La Cita. The Homeowners of La Cita, Inc. (master HOA) employs the services of Sentry Management to assist the Board of Directors in the operation and administration of its duties and responsibilities.

This handbook is created from the Village Woods of La Cita and the Homeowners of La Cita HOAs' governing documents (see references page), which outline the rules and regulations for the community. These governing documents serve as the foundation for the operation/management of the HOA and provide guidance on issues such as membership, assessments, elections, meetings, the authority of the association and what residents can/cannot do.

For ease of reading and comprehension, all amendments and supplemental changes have been merged into the standardized format of this handbook.

As a sub-homeowner association, Village Woods of La Cita HOA is subject to all of the rules and regulations of the master HOA (Homeowners of La Cita, Inc.). The Village Woods of La Cita (sub-HOA) covenants, conditions, and restrictions can be more restrictive than the master HOA, but cannot be less restrictive than the master HOA.

**Section 6. Notice and Quorum for Any Action Authorized under Sections 4 and 5.** Written notice of any meeting called for the purpose of taking any action authorized under Section 4 or 5 shall be sent to all members not less than 30 days nor more than 60 days in advance of the meeting. **Section 7. Uniform Rate of Assessment.** Both annual and special assessments must be fixed at a uniform rate for all Units and Projected Units within a platted section subject to assessment and may be collected on a monthly, quarterly or annual basis. However, annual assessments may vary from platted section to platted section, i.e., the Village Grove of La Cita Phase I Unit I budget contains low maintenance fees whereas this subdivision may not. Thus, the assessments among platted subdivisions may be different for this reason.

**Section 8. Effect of Non-Payment of Assessments Remedies of the Association.** Any assessment not paid within ten (10) days after the due date shall bear interest from the due date at the rate of eighteen percent (18%) per annum and shall have a \$25.00 late fee after thirty (30) days from the due date. become due and payable and the Association lien may be in the accelerated amount. The lien shall be effective from and after the time of recording in the Public Records of Brevard County, Florida, of a Claim of Lien stating the description of the property, the name of the record owner, the amount due and payable and the date when the lien shall have been fully paid. All such Claims of Lien shall include only assessments which are payable and due when the Claim of Lien is recorded, and all such Claims of Lien shall be signed and verified by an officer or agent of the Association. Where as such liens shall have been paid in full, the party making payment thereof shall be entitled to receive a Satisfaction of such lien in such form that it may be recorded in the Public Records of Brevard County, Florida. The Board of Directors may take such action as they deem necessary to collect assessments, by personal action or by enforcing and foreclosing said lien, and may settle and compromise the same if in the best interest of the Association. The delinquent owner shall pay all costs including reasonable attorney's fees, incurred by the Association incident to the collection of such assessments, together with all sums, advances and taxes, mortgagee and insurance. The lien shall be deemed to cover said additional costs and advances. Filing of one action shall not be a bar to the filing of other actions. The Association through its Board of Directors will be entitled to bid at any sale held pursuant to a suit to foreclose an assessment lien, and it may apply as a cash credit against its bid all sums due the Association covered by the lien enforced. No owner may waive or otherwise escape personal liability for the assessments provided for herein by non-use of the Common Area or abandonment of his Unit or Projected Unit.

**Section 9. Subordination of the Lien to Mortgage.** The lien of the assessments provided for herein shall be subordinate to the lien of any first mortgage. The sale or transfer of any Unit or Projected Unit shall not affect the assessment lien. However, the sale or transfer of any Unit or Projected Unit pursuant to mortgage foreclosure or any proceedings in lieu thereof, shall extinguish the lien of such assessments as to payments which became due prior to such sale or transfer. No sale or transfer shall relieve such Unit owner or Projected unit owner from liability for any assessments thereafter becoming due or from the lien thereof.

**Section 10. Assessment Payable to the Master Association.** In addition to the assessments set forth above, each Unit Owner and Projected Unit Owner may pay to the Master Association an annual assessment as may from time to time be charged in accordance with Declaration of Covenants, Conditions and Restrictions for La Cita Section Five as recorded in O.R. Book 2429, page 1705 public Records, Brevard County, Florida. These assessments will be collected by the Association and remitted to the Master Association.

## Article V - Covenants for Maintenance

In addition to covenants for maintenance assessments as provided hereinbefore, each Unit Owner and Projected Unit Owner shall keep all Lots owned by him, and all improvements therein or thereon, in good order and repair, including but not limited to, the seeding, watering, and mowing of all lawns, the pruning and cutting of all trees and shrubbery and the painting (or other appropriate external care) of all buildings and other improvements as is consistent with good property management. If in the opinion of the Board of Directors of the Association, any Owner fails to perform the duties imposed by the preceding sentence, the Association, after approval by two-thirds (2/3) of the Board of Directors of the Association and after fifteen (15) days written notice to Unit Owner or projected Unit Owner, to remedy the condition in question, shall have the rights, through its agents and employees, to enter upon the Lot in question and to repair, maintain, repaint, and restore the Lot or such improvements and the cost thereof shall be assessed and become a binding, personal obligation of such Unit Owner or Projected Unit Owner as well as a lien (enforceable in the same manner as any other assessment as provided for herein) upon the Lot in Question. The lien as provided for herein shall be conditioned by Article IV, Section 9.

## ATTACHMENT 5: Robert's Rules of Order for HOA Board Meetings

Robert's Rules of Order for meetings is the general standard for how nonprofit boards, committees and other established groups govern discussions and decision-making.

- **Motion** – A Board member makes a motion to propose an action or make a decision by saying, “I move to...”. Another Board member must second the motion by saying, “I second the motion.” Once someone seconds the motion, the Board votes on the motion. It passes by a majority vote or a quorum depending on the rules in the bylaws.
- **Amend a motion** – Board members use this process to change a motion and can do so by stating, “I move to amend the motion on the floor.” Again, this motion must be seconded and voted upon.
- **Commit** – Board members use this type of motion to transfer a motion to a committee. As with other types of motions, it must be seconded and voted upon. Once it moves to a committee, the committee presents a report on the committed motion at the next meeting.
- **Question** – Board members say, “I call the question” to end a debate or discussion. The motion must be seconded and voted upon without further discussion. A call for the question requires a two-thirds majority vote to pass. At this point, the Board members must immediately vote on the motion on the floor.
- **Adjourn** – This refers to moving to end the meeting. A Board member would say, “I move to adjourn,” and another Board member would second the motion. If the majority then votes to adjourn, the meeting is over.

### Points in Robert's Rules of Order

Certain situations need attention during the meeting, but they don't require a motion, second, debate, or voting. It's permissible to state a point during a meeting where the Board President needs to handle a situation right away. Board members can declare a Point of Order, Point of Information, Point of Inquiry, or Point of Personal Privilege.

- **Point of Order:** A Board member draws attention to a breach of rules, improper procedure, breaching of established practices, etc.
- **Point of Information:** A Board member can ask for a point of information if they want more information on a motion. A point of information should not be used as a means for the person calling for a point of information to present information.
- **Point of Inquiry:** A Board member may use a point of inquiry to ask for clarification in a report to make better voting decisions.
- **Point of Personal Privilege:** A Board member may use a point of personal privilege to address the physical comfort of the setting such as temperature or noise. Board members may also use it to address the accuracy of published reports or the accuracy of a Board member's conduct.
